**Dr. Diana Guelespe, Moderator,**  
Assistant Director, CRGE

**Dr. Uriyoán Colón-Ramos,**

Assistant Professor, Department of Global Health, The George Washington University

"How do Central American mothers navigate a 'food swamp' to feed their children? A Photovoice Approach"

**Dr. Diana Carvajal,**

Assistant Professor, Family Physician, & Clinical Researcher, Department of Family and Community Medicine, University of Maryland, and Director, Reproductive Health Education in Family Medicine (RHEDI) Program

"Contraceptive Use & Experiences: A qualitative study exploring the perspectives of Baltimore Latinas"

**Dr. Chandria Jones,**

Senior Study Director, Westat

"Improving Mental Health Outcomes for Minority Youth and Families through Systems of Care"

The **Qualitative Research Interest Group (QRIG)** is a working group of faculty and graduate students who use qualitative and mixed methods in their research. Central to the work of QRIG is a focus on the intersectional dimensions of inequality and a commitment to social justice. QRIG seeks to raise the profile of qualitative methodologies in order to capture the lived experiences of understudied and marginalized populations.
